SUES LABOR UNIONS TO PROTECT WIRES

Government Moves to Stop Depredations Against Telegraph

tion designed to protect the property the Postal Telegraph Company in Chicago from injury by violence, said to grow out of an electrical workers' strike which began last September, was filed in the United States District Court to-day by United States District Attorney Wilkerson. The International Brotherhood of Electrical Workers and many of its members are named as defendants.

Mr. Wilkerson, with his assistant, John F. Voigt, conducted a Grand Jury investigation of the alleged depredations which followed the discharge of union labor employees in December. A mass of testimony which, it is alleged, revealed the cutting of wires and cable, destruction or wires by means of acid and many other forms of violence was heard, but Mr. Wilkerson deemed a civil suit to enjoin the labor men from interfering in any way with the operation of the telegraph company to be sufficient

The defendants named in the bill are: Locals 9 and 134, International Brotherhood of Electrical Workers. Martin J. Healy, president of Local 9; Michael J. Boyle, president of Local

Union 134 William J. Sloan, business agent of Local Union 9; W. N. Harrison, E. M. Lawrie, J. J. Elliott, W. Conrad, E. D. Shanks, G. Florian, W. Saunders, H. Warner, W. Sinclair, S. O. Minor, A. V. Beckner, F. S. Allen, H. Coghill, M. O'Day, J. C. Carroll, J. Gaul, Bert Coghill.

and Frank H. Carroll. While restraint of interstate commerce is alleged the Sherman law is not specifically mentioned in the Government's bill of complaint which generally declares that the defendants' alleged unlawful acts have violated the rights granted under the Constitution, and laws of the United States to the telegraph company

and the senders of messages The Government asked that the defendants be enjoined from obstructing interstate and Government messages over the Postal, from cutting, burning over the Postal, from cutting, burning or otherwise injuring its telegraph lines and from interfering by threats, intimidation, persuasion or force with employees or prospective employees of the company. Pending final hearing the petition pleads for a temporary injunction against the alleged unlawful acts.

Labor troubles between the Postal and the electrical unions agrees in Sentenberger.

Labor troubles between the Postal and the electrical unions arose in September last when, it is alleged, union officials insisted that the telegraph company should establish the "closed shop" policy. The company refused, it is added, because it would have necessitated the discharge of old and faithful employees not members of the union. Some of the defendants are alleged to have informed the Postal company that if it refused to agree they would call a strike. At this stage when a strike was imminent the Government alleges the telegraph company on Ocalleges the telegraph company on Oc-tober 15 discharged employees who were members of the unions and supplied their places with non-members.

Threats against officers and employees of the telegraph company followed, it is charged, and acts of violence began to be committed daily in Chicago against the company's property, whereby telegraph lines were cut, injured or destroyed by the use of acids, or other means, interfering with and crippling the company's service. These acts, said to have been repeated almost daily desired the service where the company's service.

These acts, said to have been repeated almost daily during the entire period since the discharge of the former employees, have been performed or directed or connived at, it is alleged, by the defendants Healy and Boyle and others.

The telegraph company, the Government continues, has been powerless to prevent frequently recurring acts of violence, committed usually at night on its thirty-five miles of cables along the elevated railroad lines in Chicago or placed in underground conduits. These cables, used for the transmission of interstate messages, it is pointed out, are particularly open to attack and difficult to guard. Unless relief is afforded by the court, the petition maintains, these alleged acts of violence will continue to

to guard. Unless relief is afforded by the court, the petition maintains, these alleged acts of violence will continue to the irreparable injury of the telegraph company and users of its lines.

Pointing particularly to the packing house industry centring in Chicago and the operations of the Chicago Board of Trade, the bill declares that without prompt and uninterrupted telegraphic communication between Chicago and points in other States and foreign countries the sale and shipment of products and merchandise would be seriously interfered with, also the efficiency of the different departments of the Government of the United States would be greatly impaired.

COPPER EXPORTS BETTER.

Foreign Buyers Get the Metal Here Under 15 Cents.

The export demand for copper yesterday morning was regarded as encouraging by the producers who told of making important sales for shipment to Europe. On the other hand, the domestic inquiry was generally regarded as of minor importance. This much may be said, the market was below the 15 cent level.

The early cables from London stated

that the American Smelting and Refining ompany offered electrolytic at 14% cents, and C. S. Henry & Co., representing the Amalgamated Copper Company, offered the metal at 14.93 cents. In both instances quotations covered any delivery. Aaron Hirsch and Sohn offered April electrolytic at 14% cents.

Mexico's Fiscal Agents Here Do Not Know of \$30,000,000 Plan.

Speyer & Co., fiscal agents since 1904 for the Republic of Mexico, said yesterday that they had not agreed to arrange for a loan of 60,000,000 pesos (\$30,000,000) to President Huerta, and did not provide the control of the control had or who might be likely to.

A story was sent from Mexico city
on Sunday that Gen. Huerta had told
the American Embassy he had arranged for such a loan.

Pacific Gas Projects Bond Issue. Official announcement is made by the wife Gas and Electric Company that a Pacific Gas and Electric Company that a special stockholders meeting is called for April 8 to authorize an increase of \$5.-600,000 in the company's funded debt, in the shape of ten year 6 per cent debenture bonds. Last year there was expended for improvements \$7,900,000. It is expected that this year about the same is expected that this year about the same will be required. The new debentures will be converted into common stock at the option of the holder. The proposed issue of \$5,000,000 will make the aggregate bonded indebtedness of the company \$155,000,000.

CONSTITUTION IS VIOLATED

Bill Alleges Interstate Commerce Is Menaced by Tampering With Lines.

Chicago, Feb. 24.—Suit for an injunction designed to protect the property of the exchange of the new Louisiana state 4 per cent. bonds.

Mr. Andrews wrote that the voters of the State had defeated a proposed constitutional amendment in reference to an issue of 4 per cent. bonds to be utilized to take up the consols maturing January 1, 1914, and also providing for the adjudication by the courts of the rights of holders of other State obligations known as "baby" bonds. This leaves the maturing consols dependent upon a law of 1910, which, while it aims to apply the proceeds of a bond issue to the maturing consols, makes no mention of the defaulted interest in other issues.

"The council of the corporation believes that your committee will deem this

"The council of the corporation be-lieves that your committee will deem this case of repudiation peculiariarly aggra-vated," Mr. Andrews wrote. He has hope that the responsible citizens of the State will come to the front, but in the meantime he asks that the Stock Exchange withhold its privilege for the sake of foreign investors.

to Select Chairman. Albert J. Phillips, who is representing the firemen on fifty-four eastern railroads in their wage demand negotiations, spent yesterday conferring with Vice-President Atterbury of the Pennsylvania Railroad in an effort to agree upon a third member of the board of arbitration.

They were again unable to decide upon any one.

Under the terms of the Erdman Act, by which the wage dispute will be settled, the two representatives have until tomorrow to come to an agreement. They will meet again to-day and if they fail to choose, the selection of the chairman of their board will be left to Judge Martin Knapp of the United States Commerce Court and Acting Labor Commissioner G. W. W. Hanger.

Feb. 24.—Wireless communication between ship and shore stations at a distance of 2,000 miles has been attained by the naval station at Arlington, Va., through the scout cruiser Salem, on her way across the Atlantic to test the station sending and receiving capacity. The Salem has now reached a point more than two theusand miles edistant from Arlington, and the official test messages have been exchanged at that distance. It is expected that further distance. It is expected that further messages will be exchanged to-night when the Salem will be several hundred miles nearer Gibraltar.

Pleads Usury Against a Suit.

A suit between two former members of the New York Stock Exchange, in which a charge of usury is made, came out in Supreme Court yesterday, Washington Lewis Stevens, former head of W. L. Stevens & Co., filed an answer to a suit of Arthur E. Grannis to recover \$60,000 lent to Stevens. Stevens asks that the complaint be dismissed on the ground that he had agreed to pay interest of 16 2-3 per cent, which is

Cutcheon submitted an amendment to the plan, which he said would place the Union Pacific and the Western Pacific on an equal footing after the dissolution was effected. It would allow the Western Pacific and the Santa Fe to use the Benicla cutoff between Sacramento and Oakland, Cal., a route said to be two-fifths shorter than the main line of the Union Pacific. Under the original agreement the Union Pacific was to take over the line from the Southern Pacific, which has a contract for its joint control with the Central Pacific.

John G. Miburn, attorney for the Union Pacific, in replying to Cutcheon, said he did not think the control of the Central Pacific by the Union Pacific would perpetuate the present monopoly. Such a plan, he said, would insure direct competition between the Union Pacific and the Southern Pacific. In case trouble arose over its control, he

Southern Pacific and the Union Pacific were given joint use of it all business would be monopolized by them. Competition among four roads was better than between two, he said.

Attorney-General Wickersham introduced Cutcheon and he was allowed to speak as a "friend of the court." His road was not one of the litigants. Mr. Wickersham said he did not think the original plans suggested would result in a monopoly, but he was anxious to

action of wint this decree to become a question.
